CASE NO. 6:19-cv-06122-FPG-JWF

**JOINT DECLARATION OF CLASS COUNSEL
JEFF OSTROW, JEFFREY KALIEL, AND ANDREA GOLD IN SUPPORT OF
MOTION FOR PRELIMINARY APPROVAL OF SETTLEMENT**

We, Jeff Ostrow, Jeffrey Kaliei, and Andrea Gold declare as follows:

1. We are counsel of record for Plaintiffs and the proposed Class Counsel for the Settlement Class in the above-captioned matter. We submit this declaration in support of Plaintiffs' Unopposed Motion for Preliminary Approval of Class Action Settlement. Unless otherwise noted, we have personal knowledge of the facts set forth in this declaration and could and would testify competently to them if called upon to do so.

2. After several rounds of arms-length negotiation and settlement discussions, including two full-day mediation sessions with mediator Simeon H. Baum, Plaintiffs, Class Counsel, and ESL entered into a Settlement Agreement in this matter, a true and correct copy of which is attached as *Exhibit A* to the Memorandum of Law in Support of Unopposed Motion for Preliminary Approval of Class Action Settlement.¹

3. The firm resume of Kopelowitz Ostrow Ferguson Weiselberg Gilbert is attached as *Exhibit 1* to this declaration.

4. The firm resume of Kaliei PLLC is attached as *Exhibit 2* to this declaration.

5. The firm resume of Tycko & Zavareei LLP is attached as *Exhibit 3* to this declaration.

¹ The capitalized terms used herein are defined in and have the same meaning as used in the Settlement Agreement unless otherwise stated.

6. As can be seen from these resumes, Class Counsel have substantial experience in the litigation, certification, and settlement of class action cases, specifically in the overdraft fee and insufficient funds fee context. Based on our experience, ESL's counsel are also highly experienced in this type of litigation. It is thus our considered opinion that counsel for each side have fully evaluated the strengths, weaknesses, and equities of the Parties' respective positions and believe that the proposed settlement fairly resolves their respective differences.

7. Prior to filing, Class Counsel thoroughly investigated the viability of Plaintiff's claims. Class Counsel interviewed a number of ESL members to gather information about ESL's conduct and its impact upon consumers, which was essential to their ability to understand the nature of the ESL's conduct, the language of the Account agreement and other documents at issue, and potential remedies.

8. Class Counsel expended significant resources researching and developing the legal claims at issue. Indeed, Class Counsel is familiar with the instant claims through their extensive history of litigating and resolving other banking fee claims with similar factual and legal issues to the case at bar. Class Counsel has experience in understanding the damages at issue, what information is critical in determining class membership, and what data is necessary to calculate each Settlement Class Member's respective damages. These key issues were to be heavily contested throughout the litigation, including during the Parties' written discovery process and ongoing meet and confer efforts. Class Counsel, along with its fee expert, spent a significant amount of time analyzing preliminary data regarding ESL's fee revenue related to the assessment of Retry Fees and Sufficient Funds Fees at issue. Defendant similarly retained its own expert who conducted a review and analyzed data accordingly. This data and analysis evaluating potential damages at issue was used in preparation for the Parties' scheduled meditations and to further drive the viability of resolution.

9. The Action was filed on February 15, 2019. From the beginning, ESL vigorously defended the claims in the Action.

10. On October 7, 2019, Plaintiff filed the operative Amended Complaint, asserting claims for breach of contract and the covenant of good faith and fair dealing, and violation of New York

General Business Law (“GBL”), Section 349, arising from allegations that ESL improperly assessed both Retry Fees and Sufficient Funds Fees on customers’ accounts.

11. On November 7, 2019, Defendant filed a Motion to Dismiss the Amended Complaint pursuant to Federal Rule of Civil Procedural 12(b)(6), which the Court granted as to the breach of the implied covenant of good faith and fair dealing claim, but denied as to the breach of contract and GBL claims on September 30, 2020. On October 14, 2020, Defendant filed its Answer and Affirmative Defenses.

12. While the motion to dismiss was pending, the Parties engaged in important written discovery and numerous meet and confer conferences made in good faith regarding outstanding discovery disputes, including those regarding Defendant’s production of electronically stored information (“ESI”) and cost-shifting considerations.

13. The Parties also participated in two mediation sessions before Mediator Simeon H. Baum, Esq.—first on April 2, 2020, and then again on September 15, 2020. The Parties did not settle at either mediation.

14. Shortly thereafter, the Parties engaged in further negotiations and ultimately agreed to settle the Action in its entirety. The Parties filed a Notice of Settlement with the Court reflecting the same and requesting that the Court vacate all upcoming hearings and deadlines in the Action pending the Parties execution of the Agreement and the filing of this Motion.

15. In summary, this Action was heavily litigated prior to negotiating the Settlement. Class Counsel spent significant time communicating with Plaintiffs, investigating facts, researching the law, preparing the Complaint and Amended Complaint, engaging in discovery and motion practice, working with an expert witness, and reviewing important documents and data.

16. On February 8, 2021 the Parties finalized and executed their formal Settlement Agreement.

17. The Value of the Settlement represents approximately 44% of the Retry Fees and Sufficient Funds Fees allegedly wrongly charged to the Settlement Class, without the inherent litigation risks, a very fair and reasonable recovery., Class Counsel weighed a number of factors before deciding

to settle. First, Class Counsel considered that ESL contends that the account agreements authorize the assessment of the challenged fees. It was a distinct possibility that a jury could find in ESL's favor on this issue. Next, Class Counsel considered the possibility that this Court would deny class certification. Class Counsel also considered the amount of the settlement in comparison to a number of other similar bank fee settlements around the country and found it to be in line with those settlements. Finally, in reaching the conclusion that the Value of the Settlement in this Action is adequate, Class Counsel also considered that the Settlement Class is receiving real money and forgiveness of Uncollected Relevant Fees, without having to take the step of submitting a claim or having to wait years for a trial and potential appeal.

18. With the Court's approval, the Settlement Administrator will oversee the Notice Program and Settlement Administration. The Notice Program is designed to provide the best notice practicable and is tailored to take advantage of the information ESL has available about the Settlement Class. The Notice Program is reasonably calculated to apprise Settlement Class members of: the material Settlement terms; a date by which Settlement Class members may exclude themselves from the Settlement Class; a date by which Settlement Class Members may object to the Settlement; the Final Approval Hearing date; and the Settlement Website address where the Settlement Class may access the Agreement and other related documents. The Notice Program constitutes sufficient notice to all persons entitled to notice. The Notice Program satisfies all applicable requirements of law, including, but not limited to, Federal Rule of Civil Procedure 23 and constitutional due process.

19. As part of the Settlement, ESL has agreed not to oppose Plaintiffs' request for a Service Award of up to \$5,000.00, which will be formally requested when Final Approval of the Settlement is sought. The Service Award will compensate the Class Representative for her time and effort and for the risks they assumed in prosecuting the Action. Specifically, Plaintiff provided assistance that enabled Class Counsel to successfully prosecute the Action and reach the Settlement, including: (1) submitting to interviews with Class Counsel; (2) locating and forwarding documents and information to Class Counsel; and (3) keeping apprised of the case and conferring with Class Counsel. In so doing, the Plaintiff was integral to the case.

20. ESL has also agreed not to oppose Class Counsel's request for attorneys' fees of up to 33.33% of the Settlement Fund, and to reimburse Class Counsel's expenses in this litigation. Class Counsel will seek no more than 33.33% of the Settlement Fund. Class Counsel will formally request attorneys' fees when Final Approval of the Settlement is sought. Class Counsel has not been paid for their extensive efforts or reimbursed for litigation costs and expenses. The parties did not discuss attorneys' fees and costs or any potential Service Award until they first agreed on the material terms of the Settlement, including the definition of the Settlement Class, class benefits, and scope of relief.

21. The Parties' negotiations were principled, with each side basing their offers and counteroffers on an analysis of discovery exchanged as well as damage data provided by ESL. In addition, the negotiations were based on the Parties' respective assessments of the strengths and weaknesses of their positions, and interpretations of the law relative to those positions. The Parties concluded the benefits of settlement in this case outweigh the risks and uncertainties of continued litigation, as well as the attendant time and expenses associated with contested class certification proceedings and possible interlocutory appellate review if granted, completing the remaining class-wide merits discovery if the classes were certified, pretrial motion practice, trial, and finally appellate review.

22. The Settlement in this case is the product of intensive, arms-length negotiations between experienced attorneys who are familiar with class action litigation and with the legal and factual issues in this Action.

23. Plaintiffs maintain that their claims are meritorious; that they would establish liability and recover substantial damages if the case proceeded to trial; and that the final judgment recovered in favor of Plaintiffs and the certified classes would be affirmed on appeal. But Plaintiffs' ultimate success would require them to prevail, in whole or in part, at all of these junctures. Conversely, ESL's success at any of these junctures could or would have spelled defeat for Plaintiffs and the Settlement Class. Thus, continued litigation posed significant risks and numerous uncertainties, as well as the time, expense, and delay associated with trial and appellate proceedings.

24. On the basis of our investigation into this case and experience with and knowledge of the law and procedure governing the claims of Plaintiffs and the Settlement Class, it is our belief that it is in the best interests of the Settlement Class to enter into this Settlement. Indeed, in light of the risks, uncertainties, and delays associated with continued litigation, the Settlement represents a significant achievement by providing guaranteed benefits to Settlement Class Members in the form of direct cash compensation.

25. With this Settlement, Plaintiffs achieved their desired goal in this litigation—i.e., obtaining repayment of the complained about fees for ESL's customers. The recovery provided by the Settlement includes a \$1,700,000.00 cash Settlement Fund paid by ESL. The Net Settlement Fund, calculated by subtracting from the \$1,700,000.00 Settlement Fund Court approved attorneys' fees and expenses; any notice and administration expenses incurred; and any Court approved Service Award to Plaintiff, will be distributed to Settlement Class Members as follows: 55% will be allocated to the Sufficient Funds Fee Class and 45% will be allocated to the Retry Fee Class. These benefits are an excellent result for Settlement Class Members.

26. We are confident in the strength of Plaintiffs' case, but we are also pragmatic regarding the risks in continuing this Litigation, including the possibility that the Court would deny class certification or grant summary judgment, or that Plaintiff and the class could not prevail at trial. ESL continues to dispute that the fees were improperly assessed given its proffered contract interpretation. In this context, the amount of the Net Settlement Fund to be distributed automatically to class members will be an outstanding recovery.

27. Each of these risks could have impeded Plaintiff's and the Settlement Class's successful prosecution of their claims at trial and in an eventual appeal. While Plaintiff disputes ESL's arguments, it was unclear how the arguments would be resolved at the class certification stage or trial. Thus, there was a substantial risk that class members could receive nothing at all.

28. Moreover, even if Plaintiffs prevailed at trial, any recovery could be delayed by an appeal. Thus, even in the best case, it could take years to get relief for class members. The Settlement provides substantial relief to the Settlement Class without further delay.

29. Class Counsel has devoted substantial time and resources to this Action, and Plaintiffs and Class Counsel will vigorously protect the interests of the Settlement Class.

30. The numerosity requirement of Rule 23(a) is satisfied because the Settlement Class consists of tens of thousands of ESL customers, and joinder of all such persons is impracticable.

31. Liability questions common to all members of the Settlement Class substantially outweigh any possible issues that are individual to each member of the Settlement Class. There are multiple questions of law and fact – centering on ESL’s alleged systematic practice of assessing fees – that are common to the Settlement Class, that are alleged to have injured all Settlement Class members in the same way, and that would generate common answers central to the viability of the claims were the Action to proceed to trial. Each Settlement Class member’s relationship with ESL arises from account agreements that are the same or substantially similar in all relevant respects to other Settlement Class members’ account agreements.

32. The Rule 23(b)(3) predominance requirement is readily satisfied because liability questions common to all members of the Settlement Class substantially outweigh any possible issues that are individual to each member of the Settlement Class. Liability questions common to all members of the Settlement Class substantially outweigh any possible issues that are individual to each member of the Settlement Class.

33. Plaintiffs are typical of absent members of the Settlement Class because they were subjected to the same ESL practices leading to the assessment of fees and suffered from the same injuries, and they will benefit equally from the relief provided by the Settlement.

34. Plaintiffs’ interests are coextensive with, not antagonistic to, the interests of the Settlement Class because they and the absent Settlement Class members have the same interest in the relief the Settlement affords, and the absent members of the Settlement Class have no diverging interests.

Robert C. “Bobby” Gilbert has over three decades of experience handling class actions, multidistrict litigation and complex business litigation throughout the United States. He has been appointed lead counsel, co-lead counsel, coordinating counsel or liaison counsel in many federal and state court class actions. Bobby has served as trial counsel in class actions and complex business litigation tried before judges, juries and arbitrators. He has also briefed and argued numerous appeals, including two precedent-setting cases before the Florida Supreme Court.

Bobby was appointed as Plaintiffs’ Coordinating Counsel in *In re Checking Account Overdraft Litig.*, MDL 2036, class action litigation brought against many of the nation’s largest banks that challenged the banks’ internal practice of reordering debit card transactions in a manner designed to maximize the frequency of customer overdrafts. In that role, Bobby managed the large team of lawyers who prosecuted the class actions and served as the plaintiffs’ liaison with the Court regarding management and administration of the multidistrict litigation. He also led or participated in settlement negotiations with the banks that resulted in settlements exceeding \$1.1 billion, including Bank of America (\$410 million), Citizens Financial (\$137.5 million), JPMorgan Chase Bank (\$110 million), PNC Bank (\$90 million), TD Bank (\$62 million), U.S. Bank (\$55 million), Union Bank (\$35 million) and Capital One (\$31.7 million).

Bobby has been appointed to leadership positions in numerous other class actions and multidistrict litigation proceedings. He is currently serving as co-lead counsel in *In re Zantac (Ranitidine) Prods. Liab. Litig.*, 9:20-md-02924-RLR (S.D. Fla.), as well as liaison counsel in *In re Disposable Contact Lens Antitrust Litig.*, MDL 2626 (M.D. Fla.); liaison counsel in *In re 21st Century Oncology Customer Data Security Breach Litig.*, MDL 2737 (M.D. Fla.); and *In re Farm-Raised Salmon and Salmon Products Antitrust Litig.*, No. 19-21551 (S.D. Fla.). He previously served as liaison counsel for indirect purchasers in *In re Terazosin Hydrochloride Antitrust Litig.*, MDL 1317 (S.D. Fla.), an antitrust class action that settled for over \$74 million.

For the past 18 years, Bobby has represented thousands of Florida homeowners in class actions to recover full compensation under the Florida Constitution based on the Florida Department of Agriculture's taking and destruction of the homeowners' private property. As lead counsel, Bobby argued before the Florida Supreme Court to establish the homeowners' right to pursue their claims; served as trial counsel in non-jury liability trials followed by jury trials that established the amount of full compensation owed to the homeowners for their private property; and handled all appellate proceedings. Bobby's tireless efforts on behalf of the homeowners resulted in judgments exceeding \$93 million.

Bobby previously served as an Adjunct Professor at Vanderbilt University Law School, where he co-taught a course on complex litigation in federal courts that focused on multidistrict litigation and class actions. He continues to frequently lecture and make presentations on a variety of topics.

Firm Resume

Jonathan Tycko and Hassan Zavareei founded Tycko & Zavareei LLP in 2002 when they left a large national firm to form a private public interest law firm. Since then, a wide range of clients have trusted the firm with their most difficult problems. Those clients include individuals fighting for their rights, tenants' associations battling to preserve decent and affordable housing, consumers seeking redress for unfair business practices, whistleblowers exposing fraud and corruption, and non-profit entities and businesses facing difficult litigation.

The firm's practice focuses on complex litigation, with a particular emphasis on consumer and other types of class actions, and *qui tam* and False Claims Act litigation. In its class action practice, the firm represent consumers who have been victims of corporate wrongdoing. The firm's attorneys bring a unique perspective to such litigation because many of them trained at major national defense firms where they obtained experience representing corporate defendants in such cases. This unique perspective enables the firm to anticipate and successfully counter the strategies commonly employed by corporate counsel defending class action litigation. Tycko & Zavareei LLP's attorneys have successfully obtained class certification, been appointed class counsel, and obtained approval of class action settlements with common funds totaling over \$500 million.

Tycko & Zavareei LLP's sixteen attorneys graduated from some of the nation's finest law schools, including Yale Law School, Harvard Law School, Columbia Law School, and the University of Michigan Law School. They have served in prestigious clerkships for federal and state trial and appellate judges and have worked for low-income clients through competitive public interest fellowships. The firm's diversity makes it a leader amongst its peers, and the firm actively and successfully recruits attorneys who are women, people of color, and LGBTQ. To support its mission of litigating in the public interest, Tycko & Zavareei LLP offers a unique public interest fellowship for recent law graduates. Tycko & Zavareei LLP's attorneys practice in state and federal courts across the nation.
